Hello Chargers! With the school year up and running, the PTSA has been busy with fun and fulfilling activities to support our parents, teachers, and students. As our kids enter high school and become more independent, some of us might be feeling like they don’t need us as much… but the PTSA needs you. We would love for all of you to join the PTSA as parent members! Your six dollar membership fee supports our teachers and students and many fun school activities. Also, consider buying a blanket to stay warm during our Charger’s games as the cool weather sets in. Those proceeds also support our programs. Aside from that type of support, we invite any and all of you to come volunteer with us. We need parents to sell blankets at our football games, to help with community events such as Red Ribbon Week later this month and White Ribbon Week in the spring, we are hoping to form a Grad Night committee to make our end of the year bash the best, and there are many other opportunities. You could help as little or as much as you’d like. Please reach out to us, we need you in the school, and your kids love having you there…. Whether they admit it or not! Looking forward to connecting with you!

Warmly,

Sincerely,
Aimee Moulee
CHS PTSA President
On September 29th The Corner Canyon PTSA and Principal Jensen hosted our annual Legislative Breakfast. All Draper area principals and PTA presidents were also invited. The breakfast was well attended by our elected officials. In attendance: Speaker of the House Greg Hughes, Senator Wayne Niederhauser, Senator Howard Stephenson, Representative LaVar Christensen, Representative Dan McKay, Mayor Troy Walker, Draper City Council members Bill Rappleye, Marsha Vawdry, Michele Weeks, Alan Summerhays and Chairman of the Utah State Board of Education, Dave Crandall.

It is amazing to see such a distinguished group of state and city leaders gathered in the name of education. We are very grateful for their continued support of CCHS and Utah students in general.

Principal Jensen gave an update on the great things happening at CCHS. We have an incredible administration that truly works tirelessly to provide the best opportunities available or our children.

At the breakfast the legislators held a Q&A with a student panel from the CCHS PTSA Student Club. The students asked and answered questions about education, SAGE testing, Draper City, their futures and a variety of other topics. The student panel represented CCHS well! They were well spoken, knowledgeable and honest! We were all very impressed.

CCHS Legislative VP

Utah PTA Vital Issues Conference

Morning workshops will focus on suicide prevention. Disturbing new data from the Department of Health indicates the leading cause of death among Utah children ages 10-17 is suicide. “Last year we were over 600,” said Dr. Todd Grey, the chief medical examiner for Utah. “We’re certainly on track for being over 600 this year. So that means every day, on average, we’re going to see at least one to possibly two suicides.” A new report shows the youth suicide rate in Utah has nearly tripled since 2007. It is now the leading cause of death among 10 to 17-year-olds in Utah. (As reported July 10, 2016 on Fox News)

- **Student Track** during the morning of the conference. (Space in the student track is limited.)
- **Business Meeting** with a Bylaws Change and the presentation of a resolution to be discussed and voted on by the membership.

More information on the conference, business meeting, and registration will be posted shortly. Please put this event on your calendar and plan to attend.
