GIRL'S TENNIS IS ROLLING!

Girl's tennis finished region competition on September 18th to clinch their spot as top of the region! They have played with their skill and their hearts all season long. Great job girls! Way to represent CCHS and good luck at state!

VOLLEYBALL SPIKING THE COMPETITION

The Girl's Volleyball Team is a force to be reckoned with! As they continue to bump, set, and spike the competition they have moved solidly into 1st place in region. Coach Ricks, and the rest of her staff, have done an amazing job helping the team to grow and improve each match. Come watch them dominate the court, you will not be dissappointed!

Save the Date

Utah College Application Week is around the corner. The week of October 9th-13th seniors will have time during their ELA classes to complete college applications, attend other post high school information sessions and visit with college reps. For more information please reach out to your counselor.

We would like to recognize our five Corner Canyon Seniors that have qualified as Semifinalists for the National Merit Scholarship! They are: Henry Atkin, Logan Bennett, Elline Harrison, Alyssa Meadows & Chase Pettit. Please congratulate them and wish them luck as they move to the next level!

FROM THE COUNSELING CENTER

ATTENTION!
PSAT
Coming Soon!

Corner Canyon
High School
October 25th, 2023
7:30 A.M.
\$20.00

Dear Parents of 10th & 11th Grade Students,

We are pleased to announce that Corner Canyon High School will be offering tenth & eleventh grade students the opportunity to take the **DIGITAL PSAT/NMSQT** this year!

The test will be administered at Corner Canyon High School at **7:30 AM**, on Wednesday, October 25th, 2023. Students will be excused from their 5th and 6th periods on that day. The cost for taking the **PSAT/NMSQT** is \$20.00. Please register and pay for this using the following Total Registration link prior to September 15th, 2023. www.TotalRegistration.net/PSAT/450073. A late fee of \$5 will be assessed for students registering after September 15th, 2023. No registrations will be accepted after September 22nd, 2023.

This is a national test, consequently this will be the only time that Corner Canyon will be administering this test. There is no make-up date.

One may ask, why should students take the **PSAT/NMSQT**? It is the best preparation for the **SAT** Test. Students in tenth grade who take the test can benefit from the practice and be prepared to take it again the next year. Students in eleventh grade who take the test and meet other program entry requirements may qualify for and be considered for the **National Merit Scholarship** programs. Most important, this is a comprehensive tool that gives valuable feedback to both the student and the school and can help all students prepare for the Spring ACT their junior year.

Hurry and register. Spots are filling up. This is a great way to help you prepare for the SAT and ACT tests and help you get into college and to earn scholarships!

Counselors visited 9th grade ELA classes to present on GRIT. GRIT is an acronym for G-get organized, R-respond proactively, I- Involve yourself with school and T- talk to teachers, counselors if you need help. These short presentations were conducted on 9/21 and 9/22. Please ask your freshman what goal they've set for the year.

SALT LAKE COMMUNITY COLLEGE

2023 HIGH SCHOOL ART & MEDIA WORKSHOP DAY

Friday, November 3, 2023 | 9:30 AM - 12:30 PM

Center for Arts & Media | SLCC South City Campus | 1575 S. State Street, Salt Lake City, UT 84115

The Salt Lake Community College High School Art & Media Workshop Day gives 9th-12th grade students the opportunity to visit the SLCC Center for Arts & Media and participate in exciting workshops led by distinguished faculty. With topics covering everything from film and dance to digital media and more, there's a class for everyone!

The workshops are open to all high school students with instructor approval. Registration is \$8 (plus a small processing fee) and covers lunch and supplies. The day will begin with a kick-off event at 9:30 a.m. followed by workshops at 10 a.m.

WORKSHOPS

After Effects/Special FX - Learn to use After Effects to create special FX for short films

Animation - Turn magazine photos into hilarious animated stories

Combat For Film and Stage - Learn amazing, safe fight techniques for theater & film

Conflict Resolution - This highly interactive workshop will introduce skills to help you manage or resolve conflict more effectively

Documentary Film Production - Explore cinéma vérité documentary film production techniques

Fashion & Cosplay Headpieces - Create a one of a kind fashion/costume/cosplay headpiece

Fashion Design/Draping - Explore the art of fashion draping and learn industry techniques to transform a plain piece of cloth into an inspired sculptural design by making a draped project on a dress form

Introduction Dance Exploration - This fun and fast moving workshop will lead both experienced and inexperienced dancers through movement phrases in Jazz, Hip-Hop & Contemporary dance styles, and will also have opportunities to improvise

Master Public Speaking - Learn how to be an effective and confident speaker through instruction, presenting in front of an audience, and receiving direct feedback to enhance and refine your newfound skills

Special Effects Cinematography - Use real, practical special effects to create Hollywood style shots

TV Studio Production - Learn the positions and execution of a TV show produced live in studio, with hands on experience operating TV studio equipment

Registration Starts Sept. 19 at

Come for PIZZA and
DONUTS on 9/30
after dropping
donations off! Great
way to get service
hours!

WEEK OF SEPTEMBER 25TH, 2023

THE CHARGER CONNECTION

TEACHER FEATURE

CCHS Biology teachers know how to get students excited about some germs! Have you ever wondered what cleaners worked most efficiently to kill bacteria? Half of their students swabbed their Chromebooks, while the other half swabbed their phones. The results, as you can see pictured, were umm... quite moldy! Students will be conducting experiments to see which store bought cleaner can kill the most bacteria. Will it be Clorox? Will it be Lysol? Who knows, but what we do know is that these teachers are rockstars at making science come alive!

MEET THE TEACH

Ethan Williams, a Provo native, is a brand new teacher to CCHS. He teaches Calligraphy, Yearbook, and Ceramics. Ethan graduated from BYU with a major in Illustration. He and his wife, Leah, have a two-and-a-half year old son, Heath. Something his students may not know about Mr. Williams is that he used to perform magic professionally! Ethan comes from FOUR generations of educators. He always knew that teaching would be in his future and is so glad that he landed here at CCHS. His favorite aspect of being a Charger so far has been encouraging and celebrating student success in his classroom. We are so glad you are here, Ethan! Click the picture to the right to see Ethan perform magic!

HOMECOMING DANCE

Students danced and jumped the night away to celebrate at the homecoming dance. SBOs and class officers spent a lot of time decorating the gym to make the night magical. Thank you to all parent and teacher volunteers that helped make this night a huge success.
