## MONSTER MANIA

Mrs. Jensen's Sports and Outdoor Production teamed up with a 5th grade classroom at Willow Springs Elementary School. The students at the elementary wrote and designed a story about a monster. The CCHS sewing class then sewed monsters "into being" as seen in the picture to the left. Her students plan to present the monsters to the elementary students and read their stories together.

## MOVE OVER BROADWAY

The dedicated and talented Performing Arts Department closed the final curtains to the Addams Family musical. The show was an amazing tribute to the teachers and students who worked tirelessly for the past few months. Thank you to all the community and parental support to keep our performers healthy, happy, and well fed. We have the best Performing Arts Department (and parents) in the state!

## FOOTBALL FINALE

The CCHS football team had a dominant performance over Lehi High in the semifinals of the 6A State Championships. They will take on Skyridge High in a grudge match to regain the State Title. We wish them luck and thank all the community, coaches, and parents who have supported the boys over the season. The boys will compete at Rice Eccles Stadium and the University of Utah on November 17th at 2:30 pm. Come support them in person or watch the live stream on [KSL sports](#).

## SCHOLARSHIP LINKS

### Top 5 Scholarship Websites to Help You Find Scholarship \$\$\$

Forbes Magazine reviewed popular scholarship websites and compared them based on factors like the ability to filter and sort listings, save information to your profile, the sites' ease of use and added tools such as auto-match functionality.

#### 1. Scholarships.com

[Scholarships.com](https://www.scholarships.com) divides scholarships by a variety of unique categories, including GPA, military affiliation, ethnicity, artistic ability, ACT or SAT score and residing state. And when you select one of these categories, you'll likely see a large list of subcategories, where you can then view all eligible scholarships. This system helps students find niche awards with smaller applicant pools that they're more likely to win.

ScholarshipOwl

#### 2. Fastweb

After the initial sign-up process, you can easily search for scholarships and filter your results based on several data points. Fastweb will also notify you when a new scholarship matching your description is posted and when you have upcoming deadlines.

FastWeb

#### 3. College Board

College Board will also automatically match you with eligible scholarships based on the information in your profile. There is also an autofill function, which allows you to reuse information from other scholarship applications, saving you time and helping you apply for more awards.

Collegeboard

#### 4. Going Merry

Applying to scholarships can feel repetitive; that's why [Going Merry](https://www.goingmerry.com) lets students type in information once and apply for multiple scholarships at the same time. The site also prides itself on including local awards, which are less competitive and may be easier to win than big national scholarships.

GoingMerry

#### 5. ScholarshipOwl

[ScholarshipOwl](https://www.scholarshipowl.com) is a popular scholarship website that compiles awards and organizes them by amount, types of requirements, number of winners and length of time until the application is due. ScholarshipOwl will automatically resubmit your application to recurring scholarships that don't require anything beyond your basic information.

## TEACHER FEATURE

This past week, Fode Doumbia (French), Vanessa Fravel (Science), Stephanie Morgan (CTE), Jessica Edwards (Instructional Coach), Jacob Johnson (ASL), and Lucas Wild (CTE) attended the Developing PLCs for Singletons and Small Schools conference in downtown Salt Lake. This conference was specifically geared towards helping singleton teachers (those teachers who are the only teachers who teach their certain subject areas) collaborate with other educators to enhance their instruction and overall student performance.

## MEET THE TEACH

Charger family, meet Mrs. Malissa Bowen, CCHS's new AP Calculus BC and Math 1 Honors teacher. Mrs. Bowen, a Layton native and Utah State University graduate, and her husband Daniel have three kids - Isaac (24), Adam (21), and Sarah (17). All three have already or will graduate from CCHS. Something that her students may not know about her is that she loves cats and roller skating. As a champion cultivator of a growth mindset, Mrs. Bowen is often engrossed in mastering new hobbies. This dedication to learning is probably why she teaches the most difficult math at CCHS! When asked what she loves most about CCHS so far, she answered, "The relationships with the students have been the most rewarding. I knew I'd like high school students, but I'm surprised at how much I have enjoyed all my students at CCHS. Also, my colleagues, they are awesome. I admire them so much." Welcome, Mrs. Bowen! We are so glad that you are here.

## AUTHOR VISIT

Book Club hosted local author Tiffany Rosenhan on Friday, November 10th. Ms. Rosenhan answered questions about the writing and publishing process, how she got her idea for her book, and upcoming projects. She even took the time to autograph books. December's book for Book Club is *The Afterlife of Holly Chase* by Cynthia Hand. The book takes inspiration from Charles Dickens' *A Christmas Carol*. On Friday, December 8th, book club members will discuss the book and make gingerbread houses. Students are still welcome to join book club. Pick up a permission slip in the library.
