See a unique classroom activity done in Mrs. Ritter's and Mrs. Bowen's classes. Page 3.

### • Upcoming Sports Info

Winter sports pictures and information about Rugby, Basketball, and Track and Field. Page 4.

### • Field Trip Opportunity

Students interested in attending the Utah Asphalt Conference to learn about career options. Page 3.

## REGION RESULTS

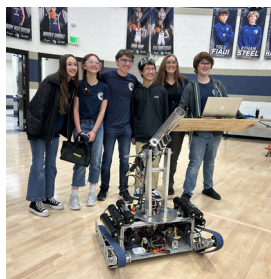

Boys Wrestling secured the 6A UHSSA Region Title early on January 17th with a dominating victory (73-5) over Bingham High School. Sights are now set on improving and preparing for the State Match in early February.

CCHS's Drill Team competed on Wednesday, January 8th in the Regional Tournament. They placed 3rd in Military, 3rd in Dance, and 2nd in Show. That resulted in an overall 2nd place finish in Region. Great Job girls, and good luck at State Competition!

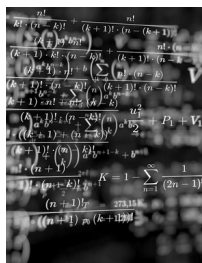

Cheer competed at the Regional Competition this past week and placed second. Cheer moves on to State Championships Thursday, January 26th, at 6:30 pm at Utah Valley University. Come support the team as they try to defend their Title.

## IT'S RAINING TEE SHIRTS

The CCHS Robotics Team worked many dedicated behind-the-scenes hours to engineer and build a robot to deliver Charger Gear to our fans at home sporting events. The robot debuted at a recent basketball game where it launched tee shirts to the cheering crowd of students and fans.

## ATTENTION PHYSICS STUDENTS

CCHS will be offering the F=ma Exam on February 8th to any students who are interested. The F=ma is a physics contest organized by the American Association of Physics Teachers (AAPT). The F=ma Exam consists of 25 multiple-choice questions related to classical mechanics and tests skills on how to apply fundamental principles to real-world scenarios. Please contact Lori Chernosky in the Student Center by Friday, January 19th, if you are interested. Cost is just \$15, to be paid to the Front Office.

Friday, January 26th, B day	Boys Basketball v. Bingham 7:00pm, Main Gym Debate @ Skyridge
Saturday, January 27th	Girls Wrestling Wasatch Tournament Debate @ Skyridge

Based on the School Needs Assessment completed by families, the Counseling Department has implemented an Aptitude Assessment to help students discover career pathways, learn about their natural strengths, and provide resources to direct their education and career plans. The YouScience Aptitude Assessment is comprised of 9 brain based assessments and an interest inventory. The assessment is completed during 10th grade and used during 10th and 11th grade CCR meetings.

The YouScience Aptitude Assessment is currently covered by the State of Utah and is free for all Utah students. Some of the additional benefits of the program are helping students learn more about their natural aptitudes which can align them to personal and relevant courses of study during high school and a focused direction after graduation. The assessment also provides students a best-match career report based on their aptitude and interests with careers they may not have considered.

## Job Shadow Opportunities February 7, 2024

Job Shadow Opportunities are limited and will be filled on a first come, first served, basis.

For questions, reach out to Mrs. Thorell in the Counseling Center or follow the QR Code.

Check out the Corner Canyon Student Center webpage. It has updated information about all the services, scholarships, testing, and job opportunities available to help our students thrive beyond high school. Click on the box above to be directed to the website.

## PREMED PATHWAY

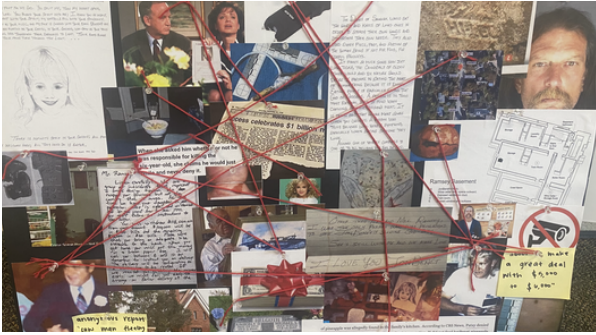

Seniors who are looking to graduate in Pre-med Pathway need to attend an informational meeting on Tuesday, January 30th. The meeting will be held in Mrs. Bakker's room (S-114) right after school. Any questions, see Mrs. Bakker.

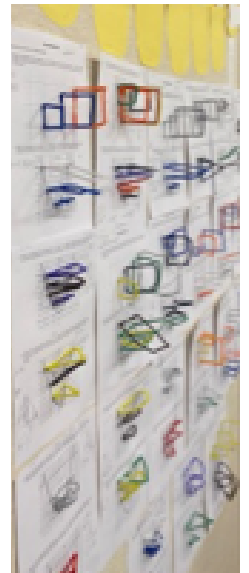

# THE CHARGER CONNECTION

## TEACHER FEATURE

Who Done It?! Mrs. Ritter's CE 2010 Intermediate Writing students researched an unsolved mystery/crime and then investigated possible suspects or solutions. They then presented their findings and argued what THEY believed happened. Many students chose to go above and beyond and create Crime Boards to illustrate their findings.

Mrs. Bowen's AP Calculus BC students made magic with pipe cleaners by displaying their latest Calculus lesson, "Volumes of Known Cross-Sections." The idea was to be able to visualize and find the volume of various 3D objects. Think of these shapes as rising up off the graph. The pipe cleaners represented a "slice". If the students saw what a slice looked like and found the volume of just one slice (a more familiar shape than the whole object), then they used their calculus skills to add up all of the different slices and find the total volume!

## GET YOUR SPOTS BEFORE THEY GO

**DECA**

LIMITED TO  
**100**  
STUDENTS

**REGISTER FOR THE

**Mental Health  
Screeners Nights**

Canyons School District is sponsoring free mental health consultations for students, ages 10-18, and their parents or guardians. This is an opportunity to obtain information and resources from licensed mental health professionals. Upon registration, you will receive confirmation of your scheduled appointment. At the event, parents will sign a consent and complete a questionnaire and students will be asked to complete a screening tool.

Appointments available from 4-8 p.m.  
Scan the QR Code to register for an event today

**Dates and Locations**  
Jan. 25 — Union Middle School, 615 E. 8000 South, Sandy  
Feb. 15 — Indian Hills Middle School, 1180 E Sanders Road, Sandy  
March 21 — Draper Park Middle School, 13133 S. 1300 East, Draper  
April 25 — Butler Middle School, 7530 S. 2700 East, Cottonwood Heights

# THE CHARGER ATHLETICS

## Attention Rugby Players

Anyone interested in learning more about the sport of rugby or how to find opportunities to play, please join the CC Rugby Appreciation Club. Contact Coach Watts in T117A or email [brandon.watts@canyonsdistrict.org](mailto:brandon.watts@canyonsdistrict.org) for more information.

## Track and Field

ORDER YOUR UNIFORMS/GEAR NOW!

Any athletes planning on participating in Track and Field will need to talk to Coach Moody this week to get uniforms ordered before the season begins!

For more information about participating on the Track and Field Team, preseason workouts, or any additional information, please reach out to Coach Moody.

[devin.moody@canyonsdistrict.org](mailto:devin.moody@canyonsdistrict.org)

## Basketball

Region 2 Basketball has begun. Many of both the girls and boys' games will be live streamed on [www.chargertv.net](http://www.chargertv.net).

Boys' basketball season will be live streamed on Charger TV with the exception of January 26th. The remaining girls' basketball games played on Thursdays will be live streamed on Charger TV as well with the exception of the January 25th game.

We invite our Charger community to tune in and support both teams this season!

WEEK OF JANUARY 22ND, 2024
