STATE ORCHESTRA
State Orchestra Festival competed against 41 high schools at State this year. The Corner Canyon Symphony received the highest possible rating and was the highest ranked orchestra program statewide. The Corner Canyon Advanced Strings also received superior scores and the 7th highest rating in the State. The orchestras performed music by Shostakovich, Vaughan-Williams, Mendelssohn, Grieg, Dvorak, and Butterworth—all of which is music typically only performed in professional concert halls. Way to go Chargers!

SPRING SPORTS RECAP
Spring is a busy time for Corner Canyon athletics. If you would like a quick recap of all the excitement, click on this link or the picture to the left.
Culinary classes surpassed all expectations once again in the semester Iron Chef Competition. It turns out that Mrs. Katelyn Grinder’s food expertise, encouraging direction, and endless patience is the perfect recipe for student success in the kitchen. Students from each “kitchen” prepared a food of their choice with the chosen ingredient (sour cream or lemon). Four faculty members judged each class to determine the winner. It doesn’t take much convincing to get faculty members to participate. Iron Chef Day is a favorite day around CCHS!

Digital Business Applications teacher, Mrs. Samantha Hill, created a rather clever review for her students as they prepare to take their certification exam through CTE. Each student group created and designed a board game to review themselves and their peers on the most essential materials to ace their tests! Students spent a class period creating the game and another class period rotating through the games that their classmates created. These students will be more than ready to master their certification tests thanks to Mrs. Hill!
