There is without a doubt NEVER a boring day in Mrs. Kami Merchant's U.S. History class! This past week students learned about trench warfare in the most interactive way possible. First, students had to create "flags" detailing important events, facts, and people of World War I. Next, students broke up into two different teams strategically placing their "flags" behind the trenches. The opposing team's goal was to hit as many of the other team's flags as possible. Thanks for always making learning fun, Mrs. Merchant!
