THE CHARGER CONNECTION

We are currently accepting entries for the Reflections Art contest which is a nation wide arts contest through PTA. Entries must be uploaded by October 8, 2024. You can find all categories, rules and guidelines at utahpta.org/ref

The school needs help with Vision and Hearing Screenings on Wednesday October 9th. If you can pop in for a couple of hours, please sign up using this link.

Parent Volunteers Wanted

The biology team (Mrs. Kendall, Mrs. Gooch, Mrs. Bakker, Mrs. Robertson, and Mrs. Jones) are currently teaching their students about macromolecules (lipids, carbohydrates, nucleic acids, and proteins). The pictures included are from Mrs. Kendall's class. What better way to study macros then to have students predict how "healthy" random food items are and the macros that they contain?! First, students made predictions in their graphic organizers. Secondly, they went around the room looking for the actual ingredient labels in the brown paper bags to determine how accurate their predictions were. Mrs. Kendall then made students aware of the distinct difference in how long your body stays full with complex and simple carbohydrates. Way to make learning fun AND incredibly relevant, biology team!

TEACHER FEATURE

THE CHARGER CONNECTION

TEACHER FEATURE

Mrs. Erin Nelson arranged for Matt Brown, a recruiter for Neumont College of Computer Science, to speak to all of her computer science classes this past week. In this engaging presentation, Mr. Brown challenged students with thought provoking concepts surrounding AI, how AI is going to change the workforce, and how students can plan their future careers in the tech industry. Mr. Brown gave students a glimpse at various pathways to make their career goals a reality. Thank you so much, Mrs. Nelson, for arranging this amazing opportunity for our students!

THE CHARGER CONNECTION

WORK BASED LEARNING

NATIONAL GUARD
HELICOPTER PILOT

Meet the Pro

October 10, 2024
2nd Period

Watch as a National Guard Helicopter lands at CCHS. You will have the chance to explore the helicopter and hear from professionals in this field. You'll learn about the day-to-day tasks pilots perform, the education and training required and the rewards and challenges of working in this field.

THE CHARGER ATHLETICS

Girls Volleyball

Sweep against Bingham! 17-6 entering the second half of region play. Five weeks until the state tournament.

Boys Golf

The Boys Golf team has been playing well and is back on home courses this week.

X-Country

The team has been training getting ready for their races. We are excited to see how they do this year.

Football

The team played a strong game and won against Copper Hills in a landslide win.

Dance Company

Performed an amazing piece at the Shakespeare Festival this last weekend. Great Job Ladies!

Drill

The Drill Team's performance that the halftime football game was a shining example why they are champs! Great Work!

Cheer

The team has been showing off their tumbling and stunting skills at every football game so far this season. This is the reason they are ranked as the best!

Tennis
Region Champs!!!
State tournament starts this week.

Swimming

Any Corner Canyon students that are interested in the swim team are invited to an intro camp beginning next week. The coaches will review the basics of swimming, give a preview about what is expected during a high school practice, and help get the swimmers ready for tryouts. The link to register can be [found here](#).

Girls Soccer

State tournament begins for the Chargers on October 15 at home.
