Excused: Jessica Call

Motion to start meeting at 5:05 - approved unanimously

Welcome & Introductions

Vote for New Chair, Vice Chair, Secretary

- Dina explained positions and opened the time for nominations.
- The following nominations approved unanimously:
 - New Chair: Karen Hunter
 - Vice Chair: Andrea Lutz
 - Secretary: Janene Day

Goals for TSSP/Land Trust

- 2025-2026 Academic Goal: *By the completion of 3rd quarter, Corner Canyon High School will reduce the number of total F's by 10% as compared to the 2024-2025 school year, aiming for a total of no more than 1121 F's. This will be achieved through targeted interventions, academic support programs, and early identification of at-risk students (2023-2024: 1615 F's and 2024-2025: 1246 F's)*
- Dina discussed the E in CHARGE
 - E = Engage
 - Admin feels that students need to learn how to advocate for themselves and problem solve on their own.
 - A group of teachers volunteered to use a program called [Sibme](#) that records their instruction and is able to give them data regarding engagement - teacher and student engagement.
 - Admin is working with teachers and having them engage with a specific student each week. Students are picked based on data and input from the admin and the counseling center. Teachers are asked to say "hi", see how the student is doing and invite them to Charger Time.
 - Admin has already talked to 9th grade teachers about students who are at risk of failing quarter 1.

- Dina discussed School Fees & Permits
 - Students enrolled in schools are also dropping across the country. The number of students at CCHS is down. We currently have 2411 students. Our DPMS numbers for next year are projected to be closer to what we have gotten in the past.
 - Funding this year is different than previous years. School Fees no longer run the same as they have in the past. Registration Fees are gone. The school can charge fees for a class but it has to be for something a student can own or take home. The district and CCHS are working on how to handle the decreased funds. Science classes may be most impacted with this.
 - What does this mean for parents? - Talk to your legislators. Start communicating needs with them now! [Find out who your legislator is here.](#)
 - Admin takes permits seriously: Administration looks at each grade and core classes before accepting permits. Legislators made this an "open state" for enrollment. Admin cannot look at a permit list and hand pick students. They are picked by timestamp and dependent on the size of the grade and the size of core classes. Dina reported that CCHS permits are decided as late as possible.
 - DLI French and DLI Chinese classes do not impact or influence permits
 - Athletes are not given special privilege for permits. It is not a requirement to rent or own in the area to be granted a permit. However, Dina does have to have proof of residency when parents register. (i.e.,
 - Trina asked "Can parents donate to the school?"
 - Yes. Donations need to be given via the [Canyons Foundation](#). Parents can also donate to CCHS PTSA that also supports teachers.

Counselor Corner - Angie Burden

- Angie shared a "Senior Silverstar" flyer that is given to seniors for preparing for graduation.
- Senior CCR season has begun - counselors are calling down their seniors and reviewing schedules and graduation.
- Counselors have been in the classroom with 10th graders for [YouScience](#) - a program for students to learn their aptitudes. Helps give students ideas what careers are good for them.
- Counselors will be in 9th grade classrooms doing **GRIT** Lessons - **Get Involved, Respond Proactively, Involve Yourself with School and Talk to Teachers**

Minutes Approved 10/02/2025

- UCAW - Utah College Application Week October 7th to 9th - Counselors will be helping seniors fill out college applications
- The school has a a Herd Club - a club dedicated to students coming together and making friends. There are mentor students and lots and lots of mentees. First activity was today during lunch with pizza.

2025-2026 SCC Meeting Dates

- Meetings will take place on the 1st Thursday of the Month at 5pm on the following 10/02, 11/06, 01/08, 02/05, 03/05, 04/02, 05/07

Motion to End Meeting at 6:00 - approved unanimously

Today's Minutes were taken by Janene Day
